THE ART is COMING from INSIDE the HOUSE

RIDGELINE *bookmarks*

FREE MINI PATTERN · makes three 2" × 6" bookmarks

1" test square
print at 100% /
actual size

HOW TO MAKE IT

1 **Cut the pattern, top down.** Cut on ridge line 2; the lower piece is the template for fabric 2. Cut it on line 3 for fabric 3, and so on.

2 **Cut the fabric.** Pin each template to its fabric and cut along the ridge edge. Cut the sky and backing 6½" square.

3 **Glue the layers.** Glue the sky to the backing, then ridges 2–5, back to front. Thin glue, kept ¼" from each ridge edge.

4 **Let it dry** completely before sewing, so the needle doesn't gum up.

5 **Stitch each ridge** ⅛" below its edge: straight or zigzag by machine, or running stitch, backstitch or whipstitch by hand.

6 **Trim, cut, zigzag.** Trim to 6" square, cut on the blue lines, then zigzag all edges of each bookmark so they won't fray.
